

Hillsborough County – Medical Examiner’s Facility

Tampa, Florida

Owner: Hillsborough County

Architect: KBJ Architects

CMI Services: Cost Estimating

Project Description:

The scope of this project is the construction of a new 16,240 square feet Morgue, 9,395 square feet Administration Building and 5,520 square feet Toxicology Laboratory. The sitework included 4.82 acres of heavy clearing and grubbing, construction of a retention pond, concrete and asphalt roadways, site utilities, landscaping and irrigation.

CMI was retained by the Architect to provide cost estimating services during the Design Development phase of this project. CMI also prepared internal schedules to assist with managing resources needed, and to calculate time-related costs in the estimate. .
