

Orange County Public Schools

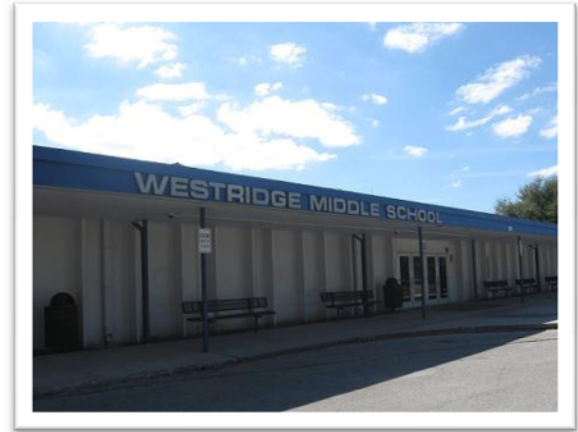

Westridge Middle School

Orlando, Florida

Owner: Orange County Public Schools

Architect: Zyscovich Architects, Inc.

CMI Services: Cost Estimating

Project Description

Estimates were prepared at the Programming / Schematic Design & Design Development phases for this project. The estimates were based on the demolition of all buildings, except the Gymnasium, and the construction of a new Middle School. The existing Gym will be renovated with a new addition of approximately 5,000 sf. CMI also evaluated the cost to convert the Gym to an EHPA facility, and costs for a 25-acre site development.
